REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE PUBLIC SECTOR COMPANIES (CORPORATE GOVERNANCE) RULES, 2013

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) prepared by the Board of Directors of Trading Corporation of Pakistan (Private) Limited (the Company) for the year ended June 30, 2020.

The responsibility for compliance with the Rules is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Rules and report if it does not and to highlight any non-compliance with the requirements of the Rules. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Rules.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Rules requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

m

ADVISORY · ASSURANCE · TAX

	© bakertil
	Based on our review, except for the non-compliance with Rule 22 to the Rules, nothing has com to our attention which causes us to believe that the Statement of Compliance does no
	appropriately reflect the Company's compliance, in all material respects, with the best practice contained in the Rules as applicable to the Company for the year ended June 30, 2020.
	Further, we draw attention to instances of non-compliances with the requirements of the Rule as reflected in the last section to the Statement of Compliance with the Rules, under the headin "Explanation for Non-Compliance with the Public Sector Companies (Corporate Governance)
	Rules, 2013".

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TRADING CORPORATION OF PAKISTAN (PRIVATE) LIMITED

#### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

# **Qualified Opinion**

We have audited the annexed financial statements of Trading Corporation of Pakistan (Private) LIMITED (the Company), which comprise the statement of financial position as at June 30, 2020, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in paragraph (a) to (c) below, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2020 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

# **Basis for Qualified Opinion**

a) as disclosed in note 11.2 to the financial statements, trade debts includes receivables of Rs. 10,791.86 million from various government institutions. In the absence of sufficient and appropriate underlying evidences, responses to the confirmation requests sent by us and no movement / recoveries for more than six years, we were unable to satisfy ourselves as to its completeness, aging and recoverability out of which we were unable to satisfy ourselves as to the existence of other receivable amounting to Rs. 99.41 million.

ADVISORY - ASSURANCE - TAX

Baker Tilly Mehmood Idrees Qamar, Chartered Accountants trading as Baker Tilly is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

- b) as disclosed in note 13.1 to the financial statements, other receivables include Rs. 9,830.74 million (including accrued mark-up and other charges of Rs. 7,451.19 million till June 30, 2020) from sugar mills on account of sugar not supplied by them under the contractual terms. The Company had initiated legal action and also referred the matter to National Accountability Bureau (NAB). In the absence of management objective evaluation of probable outcome of the said legal action, we are unable to satisfy ourselves as to the recoverability of receivables from sugar mills under the head prepayment and other receivables.
- c) as stated in note no 22.1.1 and 22.1.4 to 22.1.14, the Company has pending litigations and open tax assessments against the company aggregating to Rs. 10,403.09 million. The ultimate outcome of these litigations cannot presently be determined, and no provision that may result, has been made in the financial statements.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

# Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the director's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If based on the work we have performed, on other information obtained prior to the date of this auditor's report, we conclude 'that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

W

# Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs, as applicable in Pakistan, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

M

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are in adequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion, except for the possible effects of the matters referred in paragraphs (a) to (c) in the Basis for Qualified Opinion section of our report:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the cash flow statement together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017), and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

	TRAC	DING CORPORATION OF PAKISTAN (PRIVATE) LIMITED			
	NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020				
	1.	LEGAL STATUS AND NATURE OF BUSINESS			
		1.1 Trading Corporation of Pakistan (Private) Limited (the Company) was incorporated in Pakistan on July 28, 1967 as a private limited company under the repealed Companies Act, 1913 (now Companies Act, 2017). It is wholly owned by the Federal Government and operates under the administrative control of the Ministry of			
		Commerce (MoC), Government of Pakistan (GoP). The registered office of the Company is situated at Finance and Trade Centre, Shahrah-e-Faisal, Karachi. The principal activity of the Company is to facilitate imports and trading of different commodities on behalf of GoP. The Company acts as an agent in those			
		transactions and is entitled to commission on services rendered and does not carry any risks and rewards related to those transactions as such and therefore, the sales and cost of sales relating to those transactions are not presented in the profit and loss account of the Company.			
		1.2 Cotton Exchange Corporation of Pakistan (Private) Limited (CEC) and Rice Export Corporation of Pakistan (Private) Limited (RECP) were merged with and into the Company in 2001 under an order of Sindh High Court dated January 19, 2001. Further, Cotton Trading Corporation of Pakistan (Private) Limited (CTC) was			
		merged with and into the Company in 2008 by another order of the Sindh High Court. As a result of these orders, the assets and liabilities of these defunct companies were transferred to the Company without any subsidiary records.			
		1.3 Disclosure of impact of COVID - 19 Pandemic on Financial Statements of Company			
		The COVID – 19 pandemic has taken a toll on all economies around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.			
		The SBP has also responded to the crisis by cutting the policy rate by 625 basis points since beginning of the year. However, there are no material implications of COVID - 19. Company has only faced the generalized impact by COVID - 19 on financial market of Pakistan as a whole.			
	2.	BASIS OF PREPARATION			
		2.1 Statement of compliance			
		These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:			
Π		<ul> <li>International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standard Board (IASB) as notified under Companies Act, 2017; and</li> </ul>			
П		- Provisions of and directives issued under the Companies Act, 2017.			
Ц		Where the provisions of and directives issued under the Companies Act, 2017 differ from the IFRS standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.			
		Min and the second of the seco			

# 2.2 Basis of measurement These financial statements have been prepared under the historical cost convention, unless otherwise specifically stated. 2.3 Functional and presentation currency These financial statements are presented in Pakistani Rupees which is also the Company's functional currency. 2.4 Critical accounting estimates and judgments The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make estimates, assumptions and use judgment that affect the application of policies and the reported amount of assets, liabilities, income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision. Areas where judgments and estimates made by the management that may have a significant risk of material adjustments to the financial statements in the subsequent year are as follows: Residual values and useful lives of property and equipment (note 3.1). Valuation of stores and stock in trade (notes 3.5 and 3.6). Provision for impairment of trade debts and other receivables (note 3.7). Provision for taxation (note 3.15). Standards, interpretations and amendments applicable to financial statements The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as describe below: a) Standards, interpretations and amendments to approved accounting standards which became effective during the year The Company has adopted the following accounting standards and the amendments and interpretation of IFRSs which become effective for the current year: IFRS - 16 "Leases" IFRS 16, 'Leases': this standard has been notified by the Securities and Exchange Commission of Pakistan (SECP) to be effective for annual periods beginning on or after January 1, 2019. This standard replaces the previous guidance in IAS 17, 'Leases' and is a far reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on statement of financial position) and an operating lease (off statement of financial position). IFRS 16 now requires lessees to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. The IASB has included an optional exemption for certain shortterm leases and leases of low-value assets; however, this exemption can only be applied by lessees. For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees.

However, there is no material impact on the financial statements of Company of adopting IFRS 16 -Leases. The other new standards, amendments to approved accounting standards and interpretations that are mandatory for the financial year beginning on July 1, 2019 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations. Standards, amendments and interpretations to existing standards that are not yet effective and b) have not been early adopted by the Company: The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2019 and have not been early adopted by the Company: **Effective date** (annual reporting periods beginning on or after) IAS 1 Presentation of financial statements (Amendments) January 1, 2020 IAS 8 Accounting policies, changes in accounting estimates and January 1, 2020 errors (Amendments) There are number of other standards, amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Company and therefore, have not been presented here. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** 3. The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. 3.1 Property and equipment These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for leasehold land and capital work-in-progress, which are stated at cost less impairment losses, if any. Capital work-in-progress in respect of assets consists of expenditure incurred in the course of their construction and installation. These assets are transferred to relevant category of operating fixed assets when they are available for use. Depreciation is charged to the profit and loss account and claimed under trading and other expenses to be reimbursed by GoP, as the case may be, using reducing balance method at the rates given in note 4.1 to these financial statements. Depreciation on additions is charged from the month in which the asset is available for use and on disposals up to the preceding month of disposal. Assets' residual values, useful lives and depreciation rates are reviewed, and adjusted, if appropriate at each balance sheet date. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Major renewals and improvements for assets are capitalised and the assets so replaced, if any, are retired.

$\Pi$		
	JII.	Maintenance and normal repairs are charged to the profit and loss account as and when incurred. The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognised as an income or expense in the profit and loss account.
	3.2	Right-of-use assets
u B		On initial recognition, right-of-use assets are measured at an amount equal to initial lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to be incurred to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located.
		Right-of-use assets are subsequently stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of lease liability. The remeasurement of lease liability will only occur in cases where the terms of the lease are changed during the lease tenor.
		Right-of-use assets are depreciated over their expected useful lives using the straight-line method. Depreciation on additions (new leases) is charged from the month in which the leases are entered into. No depreciation is charged in the month in which the leases mature or are terminated.
	3.3	Lease liability against right-of-use assets
Ц		The lease liabilities are initially measured as the present value of the remaining lease payments, discounted
		using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.
		The lease liability is subsequently measured at amortised cost using the effective interest rate method. The lease liability is also remeasured to reflect any reassessment or change in lease terms. These remeasurements of lease liabilities are recognised as adjustments to the carrying amount of related right-of-
Π		use assets after the date of initial recognition.
		Each lease payment is allocated between a reduction of the liability and a finance cost. The finance cost is charged to the profit and loss account as mark-up expense over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.
	3.4	Intangible asset
<u> </u>		Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is charged to the profit and loss account applying the straight line method, whereby, the
		cost of intangible asset is written off over its useful economic life. The amortisation rate of the intangible assets are stated in note 5 to these financial statements. Full month's amortisation is charged in the month of addition when the asset is available for use, whereas, amortisation on disposals is charged upto the
	2.5	month in which the disposal takes place.
П	3.5	Stores
[] П		These are valued at weighted average cost less impairment losses, if any, except for stores in transit which are valued at cost (invoice value) plus other charges accumulated up to the reporting date. Cost comprises of invoice value and other direct costs but excludes borrowing costs. Provision is made for slow moving/obsolete items, where necessary and is recognised in the profit and loss account. Provision for slow
П		moving/obsolete stores relating to transactions carried out on behalf of the GoP is claimed under trading and other related expenses to be reimbursed by GoP.
П		MM .

]		
J	3.6	Stock-in-trade held on behalf of Government of Pakistan (GoP)
] 7		Stock-in-trade except for stock of urea is valued at the lower of weighted average cost and net realizable value. Urea is valued at weighted average cost less impairment, if any, as it is sold at subsidized rates under the directives of the GoP. Cost comprises of invoice value, charges like excise, custom duties and other similar levies and other direct costs.
J		
		Provision made for obsolete / slow moving stocks, where necessary, is included in the trading and other expenses to be reimbursed by the GoP.
		Net realizable value is the estimated selling price in the ordinary course of business less estimated costs necessary to be incurred in order to make a sale.
	3.7	Trade debts and other receivables
		Trade debts and other receivables are stated initially at fair value and subsequently measured at amortised cost. A provision for doubtful debts and other receivable is established where there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the
		receivables. Trade debts and other receivable are written off, when considered irrecoverable. In case of default by the counter parties in transactions executed on behalf of the GoP, the same is recoverable/claimed from GoP under trading and other expenses to be reimbursed by the GoP.
	3.8	Financial Assets
		All the financial assets and financial liabilities are recognized at the time when the company becomes a party to the contractual provisions of the instruments.
		Initial Measurement The company classifies its financial assets in to following three categories:
Π		<ul> <li>measured at amortized cost;</li> <li>fair value through profit or loss (FVTPL); and</li> </ul>
		- fair value through other comprehensive income (FVOCI).
		A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.
		Subsequent Measurement
		i. Equity Instruments as FVOCI These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never
		reclassified to the statement of profit or loss.
		ii. Financial assets at FVTPL These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in profit or loss.
		iii. Financial assets measured at amortized cost These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains
		and losses and impairment are recognized in the statement of profit or loss.

Π		*
		De-recognition Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Modaraba has transferred substantially all risks and rewards of ownership.
		Impariment of Financial Assets  The Company assesses on a forward looking basis the expected credit losses associated with its financial
		assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk.
		Off-setting of financial assets and financial liabilities  A financial asset and financial liability is off-set and the net amount is reported in the statement of financial position when there is a legally enforceable right to set-off the transaction and also there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.
	3.9	Financial Liabilities
3		Financial liabilities are classified as measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on de-recognition is also recognized in the statement of profit or loss.
	3.10	Cash and cash equivalents
		Cash and cash equivalents are stated at cost. For the purpose of cash flow statement, cash and cash equivalents include bank balances and commodity finance under markup arrangements.
	3.11	Trade and other payables
П		Trade and other payables are recognised initially at fair value plus directly attributable cost to be paid in future for goods and services recieved, whether or not billed to the Company.
U -	3.12	Provisions
		Provisions are recognised when the Company has a present (legal or constructive) obligation as a result of a past event, and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate. The amount recognised as provision is the best estimate of consideration required to settle the present obligation at the end of
	3.13	reporting period, taking into account the risk and uncertainties surrounding the obligation.  Employees' retirement benefits
	0.10	Employees' gratuity fund - defined contribution plan  The Company operates a gratuity fund for all of its permanent employees who have completed minimum
		qualified period of service. Contributions in respect thereof are made in accordance with the terms of the scheme. The amount of the gratuity paid to the employees is determined by the amount of contributions made by the Company to the gratuity fund together with the investment returns arising from the fund.
		Employees' provident fund - defined contribution plan  The Company operates a recognised provident fund for its employees. Equal monthly contributions are made, both by the Company and the employees, to the fund at the rate of 10% of basic salary.
		Mi.
		- 1

Π	

#### Compensated absences

The Company accounts for all accumulated compensated absences when the employees render service that increase their entitlement to future compensated absences on the basis of acturial valuation that is carried out annually.

#### 3.14 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred and are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit and loss account over the period of borrowings using the effective interest rate method. Finance cost on borrowings made for executing transactions on behalf of government are included in the cost to be reimbursed by the government.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least twelve months after the balance sheet date. Exchange gains and losses arising in respect of borrowings in foreign currency, if any, are added in the carrying amount of the borrowing.

#### 3.15 Taxation

#### Current

Provision for current taxation is based on the taxable income for the year determined in accordance with the requirements of Income Tax Ordinance, 2001, after taking into account tax credits and rebates available, if any. The charge for current tax is calculated using enacted tax rates and includes adjustments for prior years or otherwise considered necessary for such years. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime. Tax paid on transactions carried out on behalf of GoP is included in cost related to such transactions.

#### Deferred

Deferred tax is recognised using the balance sheet method, on all temporary differences arising at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liability for all taxable temporary differences, while deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax losses and unused tax credits, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry forwards of unused tax losses and unused tax credits can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the balance sheet date. Deferred tax is charged or credited to the profit and loss account.

Deferred tax relating to items recognised directly in the other comprehensive income or equity is recognised in the other comprehensive income or equity and not in profit or loss. Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax assets and liabilities and they relate to the income tax levied by the same tax authority.

# 3.16 Foreign currency translation

Transactions in foreign currencies are translated into Pakistani Rupee at the rate ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into Pakistani Rupees at the rates of exchange ruling at the balance sheet date. Exchange gains and losses from the settlement of foreign currency transactions and translation of monetary assets and liabilities at the balance sheet date rates are included in profit and loss account. Exchange gains / losses on transactions carried out on behalf of GoP are included in the cost related to such transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

#### 3.17 Revenue

Revenue is measured at the fair value of consideration received or receivable and is recognised in the profit and loss account.

As the Company acts as an agent on behalf of the GoP, it earns commission income on the sale value of commodities except for Urea on which commission is recorded on its import value (C&F value), Rice on which commission is recorded on its purchase cost (C&F). The rate of commission depends upon the directive of GoP for each transaction. Commission income is recorded on accrual basis when the transaction has been executed.

- Profits on bank and term deposits is accounted for on time proportion basis using effective interest method.
- Rental income is recorded on accrual basis.
- Income in respect of services provided are recognized when services have been rendered.
- Sales made on behalf of the GoP are credited to "due from GoP" through trading surplus / deficit to be reimbursed by GoP.

#### 3.18 Subsidies from the GoP

Subsidies from the Government are calculated separately for each consignment, which represent the difference between the selling price and the cost incurred on transactions executed on behalf of GoP. All direct and indirect income and expenses related to these transactions are borne by GoP and claimed (on net basis) under trading and other expenses to be reimbursed by GoP.

# 3.19 Expenses

Expenses incurred in relation to import and trading on behalf of GoP is charged to trading and other expenses to be reimbursed by GoP whereas, payroll and other costs are charged in administrative expenses in profit and loss account.

#### 3.20 Dividend and other appropriations

Dividend is recognised as a liability in the period in which it is declared. Appropriations of profit including transfer to reserves are reflected in the statement of changes in equity in the period in which such appropriations are approved by the shareholders of the Company.

- 4.1.1 Included in the property and equipment are certain godowns (land and buildings) which have been given on rent, however, details of cost of these land and construction of godowns thereon are not available separately, as these godowns were taken over by the Company, as a result of mergers as disclosed in note 1.2 to these financial statements.
- 4.1.2 The management has decided not to declare godowns as 'investment properties' in these financial statements due to the reason that these godowns, as against under normal circumstances of intending to earn rent and / or to hold the same for value appreciation, being primary criteria for qualifying immovable assets as investment properties are actually held and maintained for storage of strategic stock procured on behalf of Government of Pakistan as an when required.

#### 4.2 Advances against purchase of land

- 4.2.1 In 1991, Rice Export Corporation of Pakistan (Private) Limited (RECP) (defunct) paid advance of Rs. 80.73 million to Port Qasim Authority (PQA) for purchase of two plots of land. Due to some dispute regarding transfer fee, PQA unilaterally cancelled the allotment of these plots of land. The management has recorded full provision against this advance. However, the Company has filed a legal suit against PQA for re-allotment of the land, which is pending adjudication.
- 4.2.2 RECP (defunct) had also given advance of Rs. 0.69 million to Karachi Development Authority (KDA) for purchase of 100 acres of land. Due to dispute regarding title of land, the land was not allotted to the Company. The management has recorded full provision against this advance.

7.1 Loan to employees are given for the purchase of motor cars, purchase/construction of residential houses and for meeting various personal needs of employees in accordance with the policy of the Company. Loans given for purchase / construction / renovation of residential houses to the staff of the Company other than officers are interest free while other loans carry interest ranging from 2% to 6% (2019: 2% to 6%) and are re-payable in 3 to 15 years (2019: 3 to 15 years). These loans are secured against provident fund / gratuity entitlement of employees and mortgage of properties. These loans have been carried at cost as the effect of carrying these loans at amortised cost would not be material in the overall content of these financial statements. The maturity profile of loans is as under:

- 13.1 Represents outstanding receivables of Rs. 2,379.55 million (2019: Rs. 936.21 million) and accrued mark-up and other charges of Rs. 7,451.19 million (2019: Rs. 3,752.01 million) by the Company from M/s. Abdullah Sugar Mill, M/s. Abdullah Sugar Mill, M/s. Seri Sugar Mill, M/s. Tandliawala Sugar Mill, M/s. TMK Sugar Mill, M/s. Abdullah Shah Ghazi Sugar Mills, M/s. Haq Bahoo Sugar Mills and M/s. Mecca Sugar Mills for purchase of sugar. The outstanding balance of Rs. 2,379.55 million represent portion of amount paid. However, the sugar mills defaulted in delivery of the contracted quantity of sugar. Consequently, the Company initiated legal action for the recovery of the said amounts and is actively pursuing the case. The management is confident that outstanding amount will be fully recovered and hence, no provision is required to be made in these financial statements.
- 13.2 The management had identified the embezzlement of Rs. 22.56 million in prior years against which the Company had recognized receivable from Allied Bank Limited in the year 2015. Accordingly, the bank has accepted its liability and ensured to make good the loss incurred due to the embezzlement. However, no recovery has been made from the bank during the year.

22.1.1 The income tax department finalised assessments for the assessment years 1991 to 2003 by treating subsidies received from the Federal Government as taxable income and has levied taxes amounting to Rs. 2,353.03 million. The Company filed appeals at Appellate Tribunal Inland Revenue (ATIR) for the assessment years 1991 to 2003 except for the assessment year 1994-95, for which a writ has been filed

before the High Court of Sindh (SHC) against the order of the taxation authorities.

The Federal Cabinet in its meeting held on April 04, 1998, directed that all unresolved disputes with the Federal Board of Revenue (FBR) against which cases have been filed by the government controlled organization in the appellate forum should be resolved and settled through inter-ministerial consultation and therefore all cases against FBR should be withdrawn and forwarded to the Ministry of Law, Justice and Human Right (the Ministry). In pursuance of the said cabinet directive, the Company withdrew all the appeals filed against FBR and the matter was referred to the Ministry for final decision. The Ministry vide its letter dated May 21, 1998 decided that subsidy income received from the Government of Pakistan (GoP) is exempt from tax. The Ministry further directed FBR to issue necessary orders / SRO regarding non-taxing of subsidy and advised the FBR to waive all tax liabilities of the Company arising out of the inclusion of the said amount. The FBR, in spite of order of the Ministry, has referred the case to Attorney General of Pakistan which is pending.

In 2006, subsidy received from the GoP became exempt from tax. FBR claimed that subsidies received by the Company from GoP before tax year 2006 continue to be taxable i.e. tax on subsidy claimed by FBR from assessment years 1991-92, 1994-95, 1996-97, 1997-98, 1998-99, 1999-2000, 2001-02 & 2002-03 and tax years 2003, 2004, 2005 and 2006 should remain claimable. However, the Company obtained a stay order from SHC through its order dated July 3, 2009 against the above alleged disputed Income Tax demands for the said assessment and tax years.

Further, the Income Tax Appellate Tribunal vide its order dated November 19, 2009 passed a judgment in favor of the Company for the tax years 2004, 2005 and 2006 that the subsidy received by the Company from the Federal Government is not taxable.

In the year 2017, Additional Commissioner Inland Revenue (ACIR) has issued an Order dated April 29, 2017, in favour of the Company for the tax year 2003 that the subsidy received by the Company from Federal Government is not taxable. Accordingly, the Company recorded a refund of Rs. 610.04 million by adjusting its tax liability.

- 22.1.2 In April 2015, an Assessment Order was issued by the Deputy Commissioner Inland Revenue (DCIR) in which a demand of Rs. 1,945.43 million along with penalty of Rs 97.27 million have been raised on account of excess input tax alleged to be claimed by the Company in its sales tax returns for the period from April 2012 to December 2012. Further a demand of Rs. 399.54 million along with the penalty of Rs. 19.98 million have also been raised in the same Order on account of non-payment of output tax on sale / supply of sugar to Utility Stores Corporation of Pakistan from January 2013 to June 2013. The Company has paid the said demand under protest and filed an appeal before the Commissioner Inland Revenue which is pending adjudication. Based on the positive confirmation from the advisor, the management is confident that these matters would ultimately be decided in Company's favour.
- 22.1.3 The Deputy Commissioner Inland Revenue (DCIR) passed an order vide Assessment order No. 01/2017 dated December 28, 2017 creating tax demand of Rs. 40,601,053 along with penalty and default surcharge. The Company, being aggrieved of afore-mentioned order filed appeal before the Commissioner Inland Revenue (Appeals-II), (hereinafter called 'the CIRA').

After careful examination of the matter, the learned CIRA has deleted tax demand of Rs. 27,009,788 out of total tax demand vide Order No. 23 dated February 12, 2018. The residual tax demand of Rs. 13,591,265, has also been remanded back to the department by the learned CIRA with the specific direction for re-examination however, re-examination proceedings are still pending on the department end.

The DCIR , also passed two different orders vide No. 05 & 06 dated June 30, 2018 on a similar issue of claiming excess input tax by the Company. The DCIR vide afore-mentioned orders, created tax demand of Rs. 1,013,902,072 and Rs. 387,819,929 respectively, alongwith total penalty of Rs. 49,808,058, recovery notices was also issued by the DCIR. The former demand relates to claim of presumed sales tax withholding by the Company's purchasers which withholding has not been made because of non or late payments by the purchasers. The other demand relates to inadvertently claiming income tax input of one import GD which had earlier been claimed manually in the sales tax return filed for the tax period August 2012.

The Company accordingly filed appeals against such tax demand before the learned CIRA taking grounds that, though the presumed sales tax withholding and input tax respectively of Rs. 1,013,902,072 and 387,819,929 were claimed based on bona-fide error or on a valid presumption however there was no revenue loss to the Government owing to the fact that the Company had all along refundable position and even the aforesaid credit of sales tax was excluded from the return, no payment would become due by the Company and hence, no revenue loss to the Government is involved in this specific case.

The learned CIRA, after considering the afore-mentioned grounds, ordered to delete tax demands under reference vide Order No. 48 & 49 dated August 28, 2018 with the specific directions that such excess claimed input tax be reduced from the carryforward balances or refund claim available to the Company. Accordingly, the Commissioner wide letter No. C.No. COIR/ZONE-V/LTU/2019/538 dated January30, 2019 has allowed the company to adjust such amount from its excess carry forward balance. Now, the matter has been concluded as above.

However, the department has filed a Miscellaneous Application for rectification / reconsideration of the decisions given in the garb of section 57 of the Sales Tax Act, 1990 (the 'Act'). This is done by taking a plea that the Company has not applied for any refund nor has the Company determined refunds available for such adjustment and that the claim of huge carried forward input has not yet been verified.

The aforementioned application has been heard by the learned CIRA, wherein it was apprised that, the Company has claimed huge refund amounting to Rs.5,290,487,959 with the sales tax return for the tax period of June 2020. Furthermore, it was also contended that the plea taken about the verifiability of input tax is also based on facts as the LTU authorities through an Order 01/2017 dated December 28, 2017 has already verified input tax of Rs. 1,233,404,696 out of total confronted amount of Rs. 1,246,995,961. Therefore, the department has clearly erred in not considering the fact that the Company has filed refund claimed with the sales tax return for the tax period of June 2019 as well as not considering such verified input tax refund and hence the CIRA earlier direction are well within the frame of law.

- 22.1.4 As at June 30, 2020, several cases/litigations aggregating to Rs. 3,398.25 million were outstanding against the Company. The Company has filed appeals/counter claims against these cases which are pending for adjudication. Based on the advice of the Company's in house legal counsel, the management is confident that these cases will ultimately be decided in Company's favor and hence no provision is required to be made in these financial statement.
- 22.1.5 The Divisional Bench of SHC passed an order, in a case relating to claim of damages by one of the supplier on account of forfeiture of performance guarantee by the Company, in which SHC directed the Company to pay the performance guarantee forfeited amounting to AED 1.24 million (2019: AED 1.24 million) equivalent to Rs. 56.59 million (2019: Rs. 55.12 million) to the supplier within 30 days of the decision while the claim for damages by the supplier amounting US\$ 3.46 million (2019: US\$ 3.46 million) equivalent to Rs. 582.66 million (2019: Rs. 564.82 million) was set aside by the SHC. In response to this order, both the parties being aggrieved of the decision, filed appeals in Supreme Court of Pakistan which is pending for adjudication.

22.1.6 A decision was given by Single Bench of SHC during the year 2014 in favour of supplier claiming damages and refund of bid bond aggregating to US\$ 2.06 million (2019: US\$ 2.06 million) equivalent to Rs. 346.90 million (2019: Rs. 336.28 million). Being aggrieved of the decision, Company filed appeal with Divisional Bench of the SHC which is pending for adjudication. Based on the advice of the Company's in house legal counsel, the management is confident that this case will ultimately be decided in Company's favor and hence no provision is required to be made in these financial statements. 22.1.7 A foreign award amounting to US\$ 3.88 million (2019: US\$ 3.88 million) equivalent to Rs. 653.39 million (2019: Rs. 633.38 million) has been given by Liverpool Cotton Association (LCA) against Cotton Export Corporation of Pakistan (Private) Limited (CEC now merged with and into the Company) along with interest from the date of award till payment. As at June 30, 2020 the interest payable is US\$ 7.21 million (2019: US\$ 7.21 million) equivalent to Rs. 1,214.16 million (2019: Rs. 1,176.97 million). For making the award a rule of the Court, the buyer filed a suit against CEC in 1999 and succeeded in getting a decision in 2004 from Single Bench of High Court of Sindh. Being aggrieved by the decision, Company filed appeal with Divisional Bench of the SHC which is pending for adjudication. Based on the advice of the Company's in house legal counsel, the management is confident that this case will ultimately be decided in Company's favor and hence no provision is required to be made in these financial statements. 22.1.8 An award amounting to US\$ 1.26 million (2019: US\$ 1.26 million) equivalent to Rs. 212.18 million (2019: Rs. 205.68 million) has been given by the arbitrators unanimously against Rice Export Corporation of Pakistan (Private) Limited (RECP now merged with and into the Company). For making the award a rule of the Court, the buyer filed a suit in the SHC against RECP in 1999 and a decision in 2003 was made in favor of buyer by Single Bench of SHC. The matter is at present subjudice and pending with Divisional Bench in the SHC. Based on the advice of the Company's in house legal counsel, the management is confident that this case will ultimately be decided in Company's favor and hence no provision is required to be made in these financial statements. 22.1.9 The recovery of export duty on export of Basmati rice had been held in abeyance effective July 01, 1981 and these financial statements have been drawn up on the assumption that the liability has not been accrued on exports made thereafter. The Company has also given letters of undertaking aggregating to Rs. 1,328.20 million (2019: Rs. 1,328.20 million) to the Collector of Customs against the said export duty on basmati rice. 22.1.10 Guarantees issued by commercial banks against 100% cash margin on behalf of the Company amounted to Rs. 9.36 million (2019: Rs. 9.36 million) to Chief Controller of Imports and Exports (now the matter is being dealt by the Export Promotion Bureau) in lieu of payment of import license fee for the temporary importation of empty jute bags. Cases if decided against the Company, the ultimate liability would fall on the Company 22.1.11 The returns for the tax years from 2008 to 2013 were amended by the taxation authorities through exparte orders under Section 122 (5A) of the Income Tax Ordinance, 2001 by disallowing expenses apportioned/allocated against profit on investments and setting-off of prior year refunds against tax liabilities. The tax demand of Rs. 1,955.50 million was raised. The Company has paid the said demand under protest and filed appeals against the said orders before Commissioner Inland Revenue (Appeals) which has decided these appeals against the Company who in turn filed an appeal in the Appellant Tribunal Inland Revenue which is pending adjudication. As a matter of prudence, the Company recorded tax provision of Rs. 378.74 million in the year ended June 30, 2014. The management is confident that it has good grounds to defend these matters under appeal and the outcome is expected to be decided in favor of the Company and therefore, no further provision is required to be made in these financial statements.

- 22.1.12 In year 2016, the return for the tax year 2014 were also amended by taxation authorities through exparte order under Section 122 (5A) of the Income tax Ordinance, 2001 by disallowing expenses apportioned / allocated against profit on investments. The tax demand of Rs. 405.54 million was raised and, accordingly, the Company has paid Rs. 200 million and obtained stay order for Rs. 205.54 million. The said payment was made under protest and the Company filed appeals against the said order before Commissioner Inland Revenue (Appeals), which has decided these appeals against the Company, which in turn filed an appeal in the Appellant Tribunal Inland Revenue (ATIR). During the year the Company has paid the remaining amount of Rs. 205.54 million. Further, the ATIR has issued an Order dated Feb 28, 2019, concluded to remand back the underlying case(s), which are pending for adjudication. The management is confident that it has good grounds to defend these matters under appeal and the outcome is expected to be decided in favour of the Company. Hence, no provision is made in respect of these demands in these financial statements.
- 22.1.13 In the year 2017, Additional Commissioner (ACIR) raised net demand of Rs. 40.20 million under section 137(2) of the Income Tax Ordinance, 2001 by disallowing tax credits against withholding tax claimed by the Company in the tax years from 2008 to 2013. For tax years 2011 to 2013, no prejudicial order has been passed, while for tax years 2008 to 2010 liability has been created against which the Company has filed Constitutional Petition before High Court of Sindh (SHC) on the ground that the matter is time barred, which is pending for adjudication. The management is confident that it has good grounds to defend these matters under appeal and the outcome is expected to be decided in favor of the Company and therefore no provision is required to be made in these financial statements.
- 22.1.14 For the tax year 2015, the income tax affairs of the Company were selected for audit by the Federal Board of Revenue (FBR), and thereby the concerned Commissioner has sought information / explanation pertaining to the taxation of other income / allocation of expenses, and difference in interest income and tax credit. In this regard, the Company furnished the requisite information / documents with the concerned Commissioner. Subsequently, the ACIR passed an order under Section 122(1) / 122(5) of the Ordinance, wherein the demand of Rs. 163.90 million was determined as payable. In this regard, the Company filed an appeal before CIRA in January 2017, which was decided in April 2018 through an order in which the Commissioner had maintained the action of the assessing officer to disallow common expenses against profit on debt / other income dislodging the contention that the same to be treated as business income. Subsequently, against the aforementioned order, the Company filed further appeal before ATIR in July 2018, which is still pending adjucation. However, the Company has opted to pay off the demand of Rs. 163.90 million.
- 22.1.15 The Company received disputed bills amounting to Rs. 32.81 million against capital work-in-progress. However, the management has not accepted the said bills as the management has issued termination letters to the contractors during the year June 30, 2018.

#### 30. RELATED PARTY TRANSACTIONS

Related parties comprise of state controlled entities, retirement benefit funds, companies with common directorship, GoP and key management personnel.

The GoP owns 99.99% shares and is entitled to appoint board of directors for the management of affairs of the Company. The Company, therefore, considers that the GoP is in a position to exercise control over it and therefore regards the GoP and its various bodies as related parties for the purpose of the disclosures in respect of related parties.

The Company has availed the exemption available to it under its reporting framework, and therefore has not provided detailed disclosures of its transactions with GoP related entities except for transactions stated below which the Company considers are significant:

		2020	2019
Name of related parties	Nature of transaction	Rupees in 000	
State controlled entities			
Government of Pakistan	Subsidy received / adjusted	5,477,038	5,413,226

Retirement benefit funds			
Gratuity fund	Expense	44,624	43,609
Provident fund	Expense	15,287	15,579

The status of outstanding receivables and payables from / to related parties as at June 30, 2020 are included in respective notes to these financial statements.

Contributions to staff retirement benefit funds are in accordance with the terms of the service rules. Other transactions with the related parties are carried out as per agreed terms.

The transactions described below are collectively but not individually significant to these financial statements and therefore have been described below:

- (i) The Company collects income tax, sales tax and federal excise duty in capacity of withholding agent on behalf of GoP. The Company also pays various taxes and duties to different regulatory authorities including Federal Board of Revenue, Sindh Board of Revenue and Customs authorities.
- (ii) The Company has investment of Rs. 64.83 million (2019: Rs. 64.83 million) towards equity participation (10.65%) to Lahore Development Authority (LDA) and other sponsors for constructing a multi-story commercial building named LDA Plaza at Edgerton Road, Lahore. The Company is entitled to receive 10.65% of the annual profit earned by the LDA Plaza.
- (iii) The Company has obtained insurance cover for its godowns and motor vehicles from National Insurance Company Limited (NICL) and staff insurance from State Life Insurance Corporation Limited.
- iv) The Company obtains utility services from K-Electric, Lahore Electric Supply Company Limited and Islamabad Electric Supply Company Limited.

ก	32	FINANCIAL RISK MANAGEMENT ORIECTIVES AND POLICIES			

#### 32. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

# 32.1 Financial risk factors

The activities of the Company expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on having cost effective funding as well as to manage financial risk to an acceptable level. The Board of Directors follow overall risk management approach within the Company under the policies issued by GoP. However, the following risks do not arise when the Company carries out transactions on behalf of the GoP in which case credit and other risks are borne by the Government of Pakistan.

# (a) Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates, foreign exchange rates or the prices due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Company is exposed to currency risk, interest rate risk and other price risk.

# (i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company imports commodity products and carries trade payable denominated in foreign currencies. However, the Company is not exposed to currency risk in this respect because these payables relate to commodity import on behalf of GoP who bears the risks related to these transactions.

The Company has foreign currency deposits amounting to US\$ 2.89 million (2019: US\$ 2.89 million) equivalent to Rs. 486.68 million (2019: Rs. 499.52 million) with various banks. At June 30, 2020, if the Pakistani Rupee had weakened / strengthened by 5% against the US Dollar with all other variables held constant, pre-tax profit for the year would have been higher / lower by Rs. 24.33 million (2019: Rs. 24.98 million).

#### (ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has no interest rate exposure as the Company has saving accounts and investment in TDRs / PIBs are on fixed rate and commodity financing facilities and short term loans are obtained under the GoP directives, for which the Company does not have any interest rate risk exposure being reimbursable by the GoP.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company has no such investments as of the balance sheet date and therefore is not subject to any significant price risk.

#### (b) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentration of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Credit risk arises from loans, deposits, interest accrued with/from banks and financial institutions, advances and other receivables. The Company does not have credit risk on receivables relating to transactions executed on behalf of GoP. The credit risk on liquid fund is limited because the counter parties are banks with reasonably high credit rating.

#### (c) Liquidity risk

Liquidity risk represents the risk that the Company will encounter difficulties in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities. Due to dynamic nature of the business the Company maintains flexibility in funding by maintaining committed credit lines available.

The Company's liquidity management involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios and maintaining debt financing plans.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date and represents the undiscounted cash flows:

			2020			
	On Demand	Less than 3 months	3 to 12 months	1 to 5 years		
		Rup	ees in 000			
Long-term loan Trade and other payables	-	- 1,182,827	:= :=	16,649		
Commodity finance under mark arrangements	cup	129,940,823				
Interest accrued	= =	129,940,623	4,046,476			
		131,123,650	4,046,476	16,649		
	I		2019			
	On Demand	Less than 3 months	3 to 12 months	1 to 5 years		
		Rupees in 000				
Long-term loan Trade and other payables	-	- 1,157,118	- E	16,649 -		
Commodity finance under mark arrangements	cup -	121,810,854	-	•		
Interest accrued	-		4,082,612	•		
8		122,967,972	4,082,612	16,649		

The commodity finance is backed by the guarantee of Government of Pakistan (GoP) and therefore the risk lies on the GoP. Trade and other payables mainly include payable on account of transactions incurred by the Company on behalf of GoP and therefore the Company is not exposed to liquidity risks for such transactions. Besides these, the Company has adequate resources in the form of bank balances and short term investments to repay its operational liabilities and therefore, is not subject to significant liquidity risk as at June 30, 2020.

# 32.2 Fair values of financial assets and financial liabilities

(a) Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values except for investment in shares of FTC Management Company Limited and investment in LDA Plaza, which are carried at cost.
